BREAKS RECORD FOR MACHINES

Thirty-one automobiles were brought down from the mainland as part of the five thousand tons freight supplied the Matson Navigation chartered steamed Honolulu, that completed a pleasant passage from San Francisco and arrived at Honolulu early this morning.

This number of machines is declared as smashing all existing records along these lines for the Honolulu and for that matter several other vessels in the Matson fleet.

Twenty car loads of freight including general merchandise and supplies for the islands was left behind at the San Francisco wharf, owing to the limited capacity of the Honolulu as a cargo carrier.

Eleven of the autos in the Honolulu will be forwarded to Hilo as they consisted of part of the freight left behind by the steamer Enterprise that cleared the coast port some days before the Honolulu.

Captain Benet reported a fine trip with the Inter-Island steamer Kilauea in sight for four days. The weather conditions were extremely favorable for deck sports and other lines of entertainment provided by Purser Levey, and Joe Farrell, Chief Steward and Impresario of the Pacific.

Five hundred tons freight is to be left at Kahului. Thirty nine passengers arrived in the liner, one to transfer to the Canadian-Australian steamer Marana, enroute to the colonies, and expected to sail for Sydney this evening.

On the after deck of the liner there traveled 17 fine horses, two blooded bullocks and a number of crates of chickens and poultry.

LOCAL OFFICE PRAISED HIGHLY

The Collector of Internal Revenue today received a letter from the Commissioner of Internal Revenue stating, among other things, the following:

"Washington, October 22, 1912.
"C. A. Cottrill, Esq.,
"Collector Internal Revenue,
Honolulu, Hawaii.

"Sir:—Your office was examined on the 3d ultimo by Revenue Agent W. H. Collier, who reported as follows: "Cash, lists and stamp accounts were in balance."

"The bonds of the office were examined and found prepared in accordance with instructions and properly entered in Record 38."

"The general condition of this office is good. The Collector gives his entire time and attention exclusively to the discharge of his official duties. Regular office hours are observed by the working force. They seem to be energetic, competent and loyal to the best interests of the service."

"The grade of your office is fixed at No. 1."

Respectfully,
(Signed), R. E. CABELL,
Commissioner.

"The 'gingerale' board' certainly has something before it at the next session," declared one shell-back in commenting upon the glorious retreat made by his Republican shipmates.

The Honolulu now carries two wireless operators in addition to Purser P. H. Levey, who while a wireless man will devote his entire time in the future to the duties of the purser's office.

KILAUEA MAKES FAST PASSAGE

Steaming into the channel, and to her regular berth at the Mauna Kea wharf, the Inter-Island steamer Kilauea, six days and fourteen hours from San Francisco was an early arrival this morning.

Captain Nelson reported a fine trip down from the coast port. The Inter-Island men who accompanied the Kilauea on the round trip to the California port state that the vessel is a mighty fine sea boat.

The Inter-Island steamer kept in sight of the Matson Navigation liner Honolulu with a view of being reported through wireless.

As both vessels neared Honolulu the smaller steamer pulled away from the Matson Navigation liner and beat the big rival by several hours.

The Kilauea has been fitted with several new bottom plates which replace those damaged through a grounding on the Kau reef some months ago. The vessel returned with a large quantity of fine builders sand consigned to the United States Naval Station contractors. Some drums of oil was shipped as return cargo. The Kilauea is expected will soon take up the run covered by the Mauna Kea.

The concert and dance for the benefit of the three orphans at Koolau, intended to be given at the K. of P. Hall, November 9, is postponed until the 14th of December, and all those who have purchased tickets will find them good for the later date.

A fair sized crowd gathered at the departure of the Inter-Island steamer Mauna Kea for Hilo and the way ports this morning.
